

SAFETY MATTERS

President's Message

Welcome to the 2018-2019 Chapter Year!

I am very excited to start a new chapter year with Oklahoma City ASSP. We had a very successful chapter year in 2017-2018 earning the **Platinum Level Status** for the 3rd consecutive year! This is a great accomplishment, it has set the Oklahoma City Chapter apart from other chapters in Region 3 and across the nation as well.

I would like to thank Paul Turner for his service and leadership in making the previous 2 years a success; as he stepped up and shouldered many tasks during his President-Elect term and continued his great efforts throughout his term as President. Thank you Paul!

We have a great year planned out, starting out with some great technical meetings and we even have the Society President Rixio Medina coming to speak at the joint meeting with the Tulsa Chapter and the Students at OSU in November. As always we will have the Sporting Clay shoot in November and Toys for Tots in December. Be looking for some new social events to come in 2019 as we look to engage our membership in new ways. So, I look forward to see you at a chapter meeting or at one of our events!

Thank You,
Cody Vinyard, CSP

We live in a world where people don't always make the right choice. Health and safety professionals have a challenging job convincing people to wear protective equipment for their own safety.

You must combine compliance to standards and regulations and employee safety, comfort and even style. Everyone wants to look good, but they don't always want to wear protective equipment. We know this and it is why we continue to listen, test and add innovations to improve our products making them more comfortable so people wear them longer.

3M provides solutions for work situations requiring basic personal protective equipment (PPE) through to environments that call for the most sophisticated and comprehensive protection. Our industry leading PPE has long offered safety solutions designed to meet the highest industry standards of excellence.

Whether the customer is a single tradesperson, medium sized business or an organization employing thousands of workers, 3M has a workplace safety solution to meet your needs.

ASSP—OKC Chapter Scholarship Application Due December 1st
 Scholarship awards are for University of Central Oklahoma students majoring in occupational safety, health, and the environment.

Applications are accepted through December 1 every year and must be submitted online. After applications are reviewed by the Foundation’s Scholarship Award & Selection Committee, awards are disbursed to recipients the following April.

Scholarship recipients are selected by the ASSP Foundation Scholarship Selection Committee, not members of the ASSP OKC Chapter.

The following prerequisites are necessary to apply for a scholarship:

- Transcripts from every university you have attended
- Academic letter of recommendation
- A 3.0 undergraduate GPA and (if applicable) a 3.5 graduate GPA
- ◆ Visit the ASSP Foundation website to apply.
- ◆ <https://foundation.assp.org/scholarships-and-grants/>

ASSP-OKC Chapter Professional Education Grant Application Due December 1st. The Foundation's Professional Education Grant Program provides funding to help safety professionals expand their knowledge and advance their education. Professional Education Grants help participants in the profession move toward great success. Grants are made available to help working professionals pursuing advanced education through seminars, educational conferences, certification courses or college coursework.

Grants are generally valued between \$500 and \$1,000. Applications are accepted through December 1 every year and must be submitted online. After applications are reviewed by the Foundation's Scholarship Award & Selection Committee (does not include members of the ASSP OKC Chapter), awards are disbursed to recipients the following April. Grant recipients will be required to provide receipts of their purchases before grant awards will be disbursed.

- ♦ Visit the ASSP Foundation website to apply.
