

# SAFETY MATTERS

## President's Message

Welcome back! I'm sure many of you had a wonderful summer, and hopefully you were able to enjoy some time off. I am excited to jump into the 2019-2020 chapter year!

Thanks to you and our volunteers, we had a very successful 2018-2019 chapter year within the Oklahoma City ASSP, earning the **Platinum Level Status!** This is a high honor and shows that the Oklahoma City Chapter is a leader amongst the ASSP.

I would like to thank Cody Vinyard for his leadership and service to the OKC Chapter, not just for the past year, but for the many, many years he has served on the Executive Board, from Clay Shoot Coordinator to Treasurer to, most recently, President. If you see Cody, please give him a big "Thanks"; volunteers like him and the executive team are what make this chapter so successful.

We have been so successful that the OKC Chapter was asked to add the Oklahoma State University ASSP Student Section under our umbrella. As safety education, student leadership, scholarship, and mentoring are a large part of what the ASSP does, adding a student section is a great achievement. We will need everyone's help to ensure we give the same support to OSU that we have been able give to UCO over the years.

I hope to see everyone at the first meeting of the year. The schedule of speakers and presentations is coming together nicely. In September, Dave Cooper with SafetySkills will be discussing Competency Mapping. Steven Kirby with OSHA will be presenting at the October meeting. After that we have the OKC ASSP Clay Shoot, which is our big fundraiser for the year, and a meeting at OSU in November. We close out the year with Lisa Robinson,

PLATINUM LEVEL CHAPTER  
2018-2019

From Page 1, President's Message

National Safety Council, who will inform us about Fatigue in the Workplace, which seems fitting for the December meeting. We are working toward and have good leads on several other quality speakers for first half of 2020.

I'd like to finish on this note: I know we often ask for volunteers to help out with running the OKC Chapter, and I will not be any different. I was volunteered by a close friend in the spring of 2014 and have served since then in some capacity. Yes, at times I struggle to find the time; however, I have made contacts within this group that, when I can't determine the answer to a question—whether it be OSHA, DOT, ASSP, or leadership conflicts—the members of the board, past and present, have been there to help, and, although I'm not positive they feel the same, I have made friends in this group as well. Please consider being part of the Executive Committee. You'll get more out of it than you realize.

I look forward to seeing you soon.

Thank you!

Patrick McGrew, ASSP OKC Chapter President

P.S.

Please help me welcome some new faces to the Executive Board:

Amy Klinge (OG&E) – Newsletter Editor

## ASP Workshop—Coming Soon Near You!

The ASSP OKC chapter will be holding an ASP workshop September 24-26, presented by Laglois, Weigand & Associates. Registration closes on September 15th! The event will be at Francis Tuttle Rockwell campus. Find the prices and other information [here](#). If you or someone you know are looking at to become ASP certified, please consider this opportunity to attend a great workshop.

This is part of the process of attaining the CSP now, so if you have aspirations of becoming CSP certified this can show you how the BCSP is currently setting up tests.

Non-ASSP members also get a one year membership to the chapter for taking part in this training.

For more information reach out to [Mike Messner](#).

### **2019 OKC Chapter WISE Meetings & Events**

September 16, 2019 3:00—4:30 p.m.  
 University of Central Oklahoma Human Environmental  
 Sciences (HES) Building, 2nd floor

We will have a speaker from the Hough Ear Institute talking about their groundbreaking research in preventing and reversing noise-induced hearing loss. Hearing loss is not currently believed to be reversible, but the research being done now, could completely change the impact of hearing loss for millions of people world-wide. Our speaker is excited to share the newest research updates and breakthroughs as we look to a bright future in the science of restoring acquired hearing loss. All ASSP members, men and women both, are invited to attend!

**Local WISE contacts: Jennifer Styx & Betsey Kulakowski**

Thank you to our ASSP-OKC Chapter Sponsors for 2019-2020!
